What is the course in which you are proposing an Honors Contract?

Department	Title of course	-	Course & section no.	CRN#	Cr.hrs.
------------	-----------------	---	----------------------	------	---------

Name of Instructor: _____ Instructor must be a full-time faculty member unless, in unusual circumstances, the department's chair also verifies that the adjunct instructor has the academic credentials and college-level teaching experience necessary to supervise honors-level achievement in the discipline and proposed Contract area.

1. Honors requirements that you will have completed by the end of Fall 2023.

A. Honors 1010 (We've pre-filled this, since we know you've taken it already.)

B. Honors courses and other Honors credit-bearing options you've taken/are taking toward the 15-hour block in 3 areas:

C. List any Colloquia, Directed Studies, or Honors Upper Division in the Major you've taken/are currently taking.

The value of the Honors Contract isn't just about earning credits. It gives you practical experience in writing a proposal: a professional skill that lets you take responsibility—by communicating with a professor, sharing your goals and interests, developing a project idea, making sure that the proposal is thoughtful and complete before submitting it—and doing so before the deadline, November 17..

2. STEPS FOR MAKING AN HONORS CONTRACT

A. **Think about your interests and career goals:** What are your research interests, dream career goals, passions, academic interests? They do not necessarily need to be part of this course.

B. Write to the professor as far in advance of the deadline as possible, and include this information:

- Tell them that you are an Honors Program student, your major, and the name of the course.
- Ask if they can meet with or correspond with you to make an Honors Contract in that course. Be flexible if you are asking for a meeting time, but sharing your availability is good, too.
- Be sure to fill out section A above first to give them an idea of your interests. If you have an idea, share it.
- Attach this form so they can see what the Contract process looks like, and thank them.

C. **Complete the back of this form in collaboration with the professor.** Enter the description and requirements **ON THE FORM in the space provided.**

3. Place a check (✓) next to all of the following that apply to the proposed Honors Contract project. Tip: These items may suggest approaches you'd enjoy using in your project.

4. Describe what you will do to receive Honors credit. A contract is a specific, agreed-upon plan between you, as a proactive student, and an experienced, supportive faculty member.

Contracts cannot simply call for extra problems or a longer paper length.

5. **What are the expectations for the grade?** Faculty: please detail criteria such as number of peer-reviewed research sources, length, documentation style, progress check-in meetings, etc.
6. **What percentage of the final course grade** will the Honors Contract work represent? ____% Faculty: If the project is ambitious, 10%-20% of the grade is a typical range. Percentages outside this range are negotiable with agreement of student and instructor.
7. How will you document the results of the Honors Contract project at the end of the semester? (check one):
___The student will submit a copy of the project, including the instructor's comments, to the Honors Office; **OR**
(for Contracts without a written component) ___By the last day of finals, the student will submit a one-page report to the Honors Office, assessing their Contract experience. Narrative assessment notes from the faculty are welcome.

8. SIGNATURES of APPROVAL

Student: I have worked with my instructor to complete this proposal. **I understand that any proposed changes in the contract must be approved. *If the instructor changes, I will contact the new instructor and the Honors office immediately to amend the contract.**

I agree to the conditions above. Student's signature _____ Date _____
